BCM Embedded Computer Change Notices

Attention: All BCM Taiwan Customer

Date: Jul, 21, 2011

Version: English version

BCM Embedded Computers Inc. is founded in 2007, It is a global supplier of industrial motherboard. It specialize in providing custom and off-the-shelf motherboards with products designed and produced by Advansus Corp.

Due to the changes of company business strategy, the “BCM Embedded Computers Inc.” has decided to terminate the BCM branded business operation, and transfer it to “BCM advanced Research Taiwan” which is another legal entity instead. The existing BCM products will be majorly terminated and partially replaced by the new products provided by BCM advanced Research Taiwan. It’s called New BCM Taiwan on this document.

For this reason, we regret to call an EOL to the existing BCM products.

We are truly sorry for any inconveniences this may have caused.

Please refer to the below information for the changes of Customer Service and Product Information during this transaction period:
