SDK http://www.bolymin.com.tw/manual/BEGA220A_INX_SDK_101109_v094.msi

New DLL http://www.bolymin.com.tw/manual/CtrlFunc_220A.rar

Major modifications:

Version : 0.94

Release Date : 2010/11/15

1. Add standard boot screen.
2. Restore the last backlight brightness value while boot up.
3. Fixed bug: The backlight will be off while re-boot by software reset command.
4. Support display screen rotation function.

NOTE: Customer have to update "CtrlFunc_220A.dll" if their application program used functions of "CtrlFunc_220A.dll".
